Through February, we have received 3% less calls since last year. We are also at a 50% reduction in. (ask him for a copy of his stats he read from his phone.) You can access these monthly reports on the website. They come out approximately a month behind on the website.

- C. Ashlee asked if there was a distinction in statistics between vehicle and home burglaries. Lt. Easton explained that there are multiple breakdowns. He suggested that people have motion-sensored lights and video surveillance.
- D. There have been multiple complaints about street racing and reckless driving. Recently on a rainy day, a police officer saw a vehicle driving recklessly, over 100 miles per hour, in a residential area. The police pursued the vehicle and the police officer ended up crashing into a tree. The vehicle was found to be owned by someone living on Pebble Trail Court. A search warrant was issued. When exercising the warrant, the vehicle involved in the pursuit was found along with narcotics and a “ghost” gun. There is no further information that the police are able to release at this time. Cars cannot be towed based on video evidence. In order for a vehicle to be towed due to reckless driving, it must be witnessed by a police officer. Kristin explained that the police presence at the CGLL opening day was appreciated to deter reckless driving near a busy event.

I. Information Items (Items not to be voted on)

Due to limited funds, the clean up will be held to help clean up the garden and do what we can to keep the garden functioning. Mary, MOP, explained that most of the deadheading is completed already but there is a high need in weeding and trash pickup.
